When You Recommend Southern Water Management for Water Sub-Metering Services

Chances are good you know quite a few multi-tenant property owners. Can any of them use a better utility sub-metering service, — or do they need to drastically reduce their water/ sewer costs through sub-metering? Our client referral program can earn you \$500 for each referral, or use the credit towards your sub-metering service.

How It Works

Mention the names and contact information of friends or associates you think Southern Water Management could help with their utility expenses. When your referrals have been on our service for 30 days, you'll receive \$500 for each referral. When your individual referral adds more properties, you will also earn an additional \$500 for each property up to \$5,000.
